ITF REPORT ON THE DECARBONISATION OF COASTAL SHIPPING

The International Transport Forum (ITF) published this week a report on the challenges currently faced by coastal shipping (maritime transport that takes place between ports on the same continent) and suggests actions to policymakers to address them. The report is the result of a roundtable of experts on coastal shipping and combined transport which took place in October 2022.

EC ALLOCATES €352 MILLION TO FUND LOW AND ZERO-EMISSION TRANSPORT PROJECTS

On 11 September, the European Commission approved a total financial support of € 352 million for 26 infrastructure initiatives, with the aim to establish an environmentally sustainable transportation network. These projects were selected under the Connecting Europe Facility (CEF) and play a crucial role in aligning with the ambitious goals outlined in the EU Green Deal.
